Finishing touch-

Instruction is intended to improve all players' ability to create and score goals. This program will focus on the technical aspects of striking, bending, crossing and finishing the ball. Each player will get high repetition so that the technique of finishing can be mastered. Designed for the aspiring high level player.

Moves and turns-

This class is designed to improve players' ability to beat players on the dribble along with dribbling to maintain possession. Players will receive high repetition of high level moves used by the best in the world. Designed for the aspiring high level player.

4v4 Individual tournaments

- USSF endorsed program.
Competition offers a great opportunity to teach and learn the game. We have designed a system of playing in an individual tournament format yet playing in teams of 4. Each day there will be prizes for the top three finishers. A favorite class of many. Lots of fun. Designed for the aspiring high level player.

Recreational camp -

This camp is designed for beginning players and players that need specific introductions to basic concepts of the game. Coaches will focus on dribbling, passing, receiving, and finishing. A fun soccer playing environment is provided along with other games promoting healthy physical exercise. Designed for the recreational player.
