Keith Larson
Junior Academy Head Coach
USSF A License

Finishing touch

Instruction is intended to improve all players' ability to create and score goals. This program will focus on the technical aspects of striking, bending, crossing and finishing the ball. Each player will get high repetition so that the technique of finishing can be mastered.

Moves and turns

This class is designed to improve players' ability to beat players on the dribble along with dribbling to maintain possession. Players will receive high repetition of high level moves used by the best in the world.

4v4 Individual tournament

USSF endorsed program. Competition offers a great opportunity to teach and learn the game. We have designed a system of playing in an individual tournament format yet playing in teams of 4. Each day there will be prizes for the top three finishers. A favorite class of many.

Afternoon Swim

Join us after the soccer camp for the next door water slide park. This will be an added event this year that the players will be sure to enjoy!!!! Noon to 3:30pm at Cedar River Park Outdoor Water Park. You can decide to do half day camp if you wish and skip the swim. Only for the camp Aug. 1st – 4th. Space is limited to the first 25 players. Hurry now to book this full day event! Please bring lunch/snack.
